### Simplified payroll management

Our accounting software for SMEs simplifies payroll management without sacrificing the range of HRM tools available to you. Whether it is the management of tips, manual payroll, cash advances or vacation pay, TRT PME centralizes all these operations in a single easy-to-use interface.

But it does not end there! Realize significant time savings with nifty features, such as quickly editing multiple employee records in one go.

Finally, put an end to the headaches with the simplified production of your T4, T4A, Relevé 1 and 3, paper and electronic, and DAS payable.

### Fully secure database

At MDM Monacoh, nothing is more of a priority for us than ensuring the security of our customers' data. This is why TRT PME, as well as all our accounting management software, are equipped with measures to protect your information.

Grant selective, password-protected access to various software functions, take advantage of automatic and manual verification tools for the accuracy of recorded information, save your data to disk after each transaction, and more with TRT PME.

### Unparalleled customer service and resources at your fingertips

Doing business with MDM Monacoh means surrounding yourself with a dedicated team that values listening and efficient customer service. In addition, thanks to contextual online help easily accessible from any screen of our platform, you can quickly consult a large library of solutions to the most common accounting problems in order to save you even more time and headache.

## What are our customers saying about it ?

« TRT an accounting software that gave me time for something other than accounting. I couldn't do without the repetitive entry function which is worth its weight in gold alone, the deposit manager ... A user-friendly and flexible interface that allows us to extract the maximum amount of information on our finances and which goes beyond the compilation of data since with each transaction it tells us where we are, not possible to cheat with the budgets. »
